Now this same process can be said for many games like Super Meat Boy or others of the same ilk, but while those are quick to reset and get you back into the meat of it, this game takes time and turn order.

Bonus! Includes a high-quality digital artbook, a printable papercraft model of an ironclad, and the Ironclad Tactics OST, with music by Evan Le Ny and Farewell to the Woods.. And sometimes the only way to learn a level is play it and lose 20 times with different deck builds each time before finally one clicks..
